## Purpose

To apply a storage policy fair and equitably to all members.

## Terms of the Boat Storage Policy

### Athlete Categories

Year-round athletes – one boat storage space will be assigned to the member and is included with their fees. This space may change from time to time as the overall storage requirements in the boathouse change. The spot will be labelled, and a corresponding label will be placed on the member's boat.

Seasonal athletes, including, but not limited to: masters, PaddleAll, PaddleReady, Continue to Paddle – boat storage is available as space permits.

Seasonal coaches – storage for coach boats will be the last spaces available. Priority will be given to year-round and seasonal athletes paying boat storage fees, either directly or through their fees.

### Annual Fees

The annual boat storage fee will be due with membership fees as follows:

1<sup>st</sup> boat - \$100

2<sup>nd</sup> boat - \$100

3<sup>rd</sup> boat - \$150

4<sup>th</sup> boat – \$200

For members with more than one boat, additional space in the boathouse is not guaranteed, and storage will only be allocated if space permits.

## Storage Term

The annual boat storage fee is due in the fall

- On September 1<sup>st</sup> for the Fall/Winter seasonal programs
- On November 1<sup>st</sup> for Master's

The storage term is one year from the program start date during which the boat storage term began. The fee is not refundable, nor can it be prorated. If a boat is brought in after a program start date, the storage term is still considered to be one year from the start date of the program in place during which you first brought a boat in for storage.

- By way of example: if an athlete buys a new boat and needs storage starting May 1<sup>st</sup>, they will pay the full applicable boat storage fee (\$100 for first or second boat, etc.) in May and would then pay for the subsequent (and future) years by November 1<sup>st</sup>.
